

# GRE 100 Vocabulary/Words List

The Jamboree Vocabulary Method is the most efficient way to learn and revise the high-frequency GRE words. We have collated approximately 1800 words that appear most frequently in the GRE. These 1800 words are split into 14 Word Lists. The words in each list are divided into groups with similar meanings. There are about 325 such groups. So, instead of learning individual meanings of the 1800 words, you will learn only 325 meanings. This technique will ensure that you learn more words in less time.

Let's try this out with Jamboree's Word List 1. There are 100 words, and these 100 words are divided into 16 groups/meanings.
